

Stir Crazy Cake

This all in one pan cake is very good—and no clean up!

2.5 C. all purpose flour
1.5 C. sugar
1/2 C. cocoa
2 t. baking soda
1/2 t. salt
2/3 C. vegetable oil
2 T. vinegar
1 T. vanilla
2 C. cold coffee (or cold water)
1/4 C. sugar
1/2 t. cinnamon

Put flour, 1.5 C. sugar, cocoa, soda, and salt into an ungreased 13x9x2" metal baking pan. Stir with a fork to mix; form three wells in the flour mixture. Pour oil into one well, vinegar into one, and vanilla in one. Pour cold coffee over all ingredients and stir with a fork until well mixed. Do not beat. Combine remaining sugar and cinnamon; sprinkle over batter. Bake at 350° F for 35-40 minutes.
